Somehow I think I got the stuff to work, so I'll give it a spin and let you guys know. (I'm on a shared computer that is only licensed for one user - I think it just broke for everyone else. I'll let you know what happens and possibly fix it next time I use the computer. Many thanks for your help and patience guys! Here is a Cracked version
of JMatPro V6.2... CCS
Same source code, better
working! To run Crack CCS
you need JMatPro V6.1 and

CCS V2.7. Refer Here For
This issue: Download From:
For Info & Help in our
Technical Forum please
visit our Forum Rules. You
will need the crack file &
install file: You need to
have a CCS V2.7 Not older
version in order to install
the crack. That is why we
recommend all user to use
the crack we supply :) VFV
